TECHNICAL INSPECTION & TESTING SERVICES SINCE 1996

PT. SPEKTRA MEGAH SEMESTA

TECHNICAL INSPECTION & TESTING SERVICES

ABOUT US

Established in 1996,

PT. SPEKTRA MEGAH SEMESTA is a privately owned, independent corporation dedicated to excellence in material quality control, Inspection services, non-destructive testing, hydrostatic testing services and PSV's laboratory services. Those commitments are the key to SMS track record of success in the world of international business.

PT. SPEKTRA MEGAH SEMESTA which selects team of professionals, chosen for their broad range of complementary experience and knowledge, is dedicated to achieve results through the implementation of innovative ideas. Our unique ability to integrate project organization, conceptual design, engineering, and material testing techniques enables us to react rapidly to new developments in the fields of material and product control, ensuring that our equipment and services incorporate the most advanced technology available.

The basic mission is to provide our clients through and highly competent technical services in our primary technical areas. The company will strive to provide these services in a more accurate, thorough, and comprehensive manner than the competitor. Services will be provided to our clients at a reasonable and competitive cost. Key to our service and mission is to do a more thorough and comprehensive job than is normally expected in our field of endeavor. For example, on an inspection we will not only simply report deficiencies, but also endeavor to determine the cause of the deficiencies and provide suggestions on possible solutions to the problem

The company is committed to the continued, controlled growth primarily through customer satisfaction, It is our objective to provide a pleasant, safe, and efficient working environment for all associates. It is anticipated that associates will work on a variety of challenging and interesting assignments. We will strive to provide a secure work environment, competitive compensation, pleasant work surroundings, and the potential for growth and advancement as the company grows.
